Minutes of the Subject Committee Meeting (Math)

DATED 10.07.2020

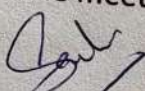

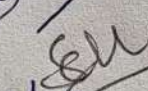

Subject committee meeting for mathematics was held online on 10.07.2020 sharp at 1.00 PM. The points on agenda were :

- 1) Review of the previous meeting: All the teachers reported that points of the previous meeting was taken care and teaching learning process is planned as per the points given in agenda.
- 2) Completion of the syllabus for the month of June as per split of syllabus: All the teachers reported that their syllabus in all the classes are completed as per split of syllabus. In no class syllabus is lacking behind.
- 3) Planning of online teaching for the month July: Principal sir instructed to the teachers to plan their lesson for the whole month in advance . Planning should include interesting PPTs, Videos, and any other useful resources relevant to the topics taught in online classes.
- 4) Mode of teaching used for online teaching: In the meeting Vice Principal madam suggested teachers to make their own video & post them in class watsapp group in advance so that student can understand the concept easily when that topic is taught by the teacher in the live class. Other suggested mode of online teaching was interesting PPTs, Videos, Notes, Self prepared videos, live interactive classes through ipads, and any other useful resources available with the teachers.
- 5) Attendance of the students on online teaching: all the teachers reported about the lack of attendance of the students in their onlie classes. Most of the teachers personally talked to the students and asked them about their problems. Common problem faced by the students was no internet connections, non availability of phone device due to clash in classes time of their sibblings.
- 6) Attention to regular absent students and majors taken : Principal sir instructed all the teachers to keep watch on the regular absent students and contact them personally, talk to their parents and motivate students to attend the class. In spite of efforts taken if still regular absentees are observed then make a list of such students and submit it to the class teacher .Class teacher will send the consolidated sheet with students details with name of the subjects in which student is regular absent , so that needful action can be taken by the Principal.
- 7) Online test taken, Participation of students and their performance in the test: Some teachers took two to three tests in each class on Google form. All the teachers were instructed to prepare test paper on Google form or in any other suitable means and take regular test to keep check up on students learning.
- 8) Record maintain of online teaching and online test.: Teachers were asked to keep the record of the performance of the students. Teachers were also suggested to give

proper feedback to the students of their online test & motivate them to take active participation.

- 9) Project work for classes IX & XI and parameters & rubrics selected for the assessment: Teachers teaching IX & XI were instructed to give suitable project work to the students who were supposed to appear for supplementary exam. Teachers were also instructed to go through the circular issued by the CBSE. Suitable & appropriate parameters & rubrics should be selected which are given in the circular. Objectivity should be maintained on any cost. Students should be contacted & informed in advance about the project work allotted to them. Evaluation of the project work should be completed on time & result should be submitted to the class teacher latest by 14.07.2020.
- 10) Explanation of lab activities at least 2-3 for the month of April, June and July: It was decided that 2-3 lab activities should be explained in every class. Activities should be relevant to the topics taught to the class. Students of classes IX to XII should be instructed to maintain separate notebooks for their internal assessment.
- 11) Introduction of APPLIED Mathematics (241) for students of class XI for the session 2020-21 : As per CBSE circular for the syllabus for the session 2020-21. APPLIED Mathematics (241) has been introduced for students of class XI Commerce & Arts. Students seeking to take admission in class XI shall be given proper guidance.
